# WHO WE ARE

At Kayu&Co., Kayu stands for wood and Co. stands for community, we believe in community and social impact. our goal is to uplift the remote artisans community who are handcrafting natural products as means to preserve their culture and nature. However, they cannot sustain their livelihood by only selling locally in their villages. Thus, our mission to let the world appreciate and purchase these beautiful artisanal products from remote areas across Indonesia

# WHY WORKING WITH US?

Sustainable and ethical is in our DNA, the way we do business. From designing the products in Australia, choosing our artisan communities in Indonesia and sending the products across the world. We always think how can we help our customers to make positive impact to environment and the society

## SUSTAINABLE

Circular economy - when we carefully curate our product range in Australia, we think about the nature of circularity. Recycle and upcycle - nothing goes to waste

### UPCYCLE

We utilise waste of wood and coconut fibre that would otherwise end up in landfill or burnt in the powerhouse

### NATURAL & COMPOSTABLE

Our products are 100% natural, Made of wood & food grade oil (coconut oil & bees-wax) - nutrition for the plants, so they won't make negative impact to the environment

### LONG LIFE

Long lifespan - We only use high quality wood that won't get mouldy easily like bamboo. Coconut fibre is naturally antibacterial. We guarantee it won't be smelly like plastic brushes

## ETHICAL

100% handcrafted in the remote villages not factories - Meaningful gift is the toil invested in time and energy that the artisans put to handcraft each of our products.

Fair Trade - All of our artisans earn a living wage. They are able to provide food for their family and send their kids to school.

Responsible & transparent supply chain - The artisans providing us beautiful crafted products, they enhance our aesthetics. They mainly use locally available resources and make valuable products without the aid of big machine
